

# COOKIE POLICY

## WHAT ARE COOKIES?

Cookies are small files which are stored on a user's computer. They are designed to hold a modest amount of data specific to a particular client and website and can be accessed either by the web server or the client computer. This allows the server to deliver a page tailored to a particular user, or the page itself can contain some script which is aware of the data in the cookie and so is able to carry information from one visit to the website (or related site) to the next.

If you would like to know more about cookies, or how to control and delete them, you can visit [www.aboutcookies.org](http://www.aboutcookies.org)

## COOKIES WE SET

To remember if you have seen the cookie policy notification.

To remember whether you are signed in or not (administration only).

## COOKIES OTHERS SET

This website uses Google's analytics service to measure how many people visit the site, and which pages are visited
